MassHealth Matters

MassHealth serves **1.7 million** residents of Massachusetts, including:

25% Massachusetts residents

72% low-income children (<100% federal poverty level)

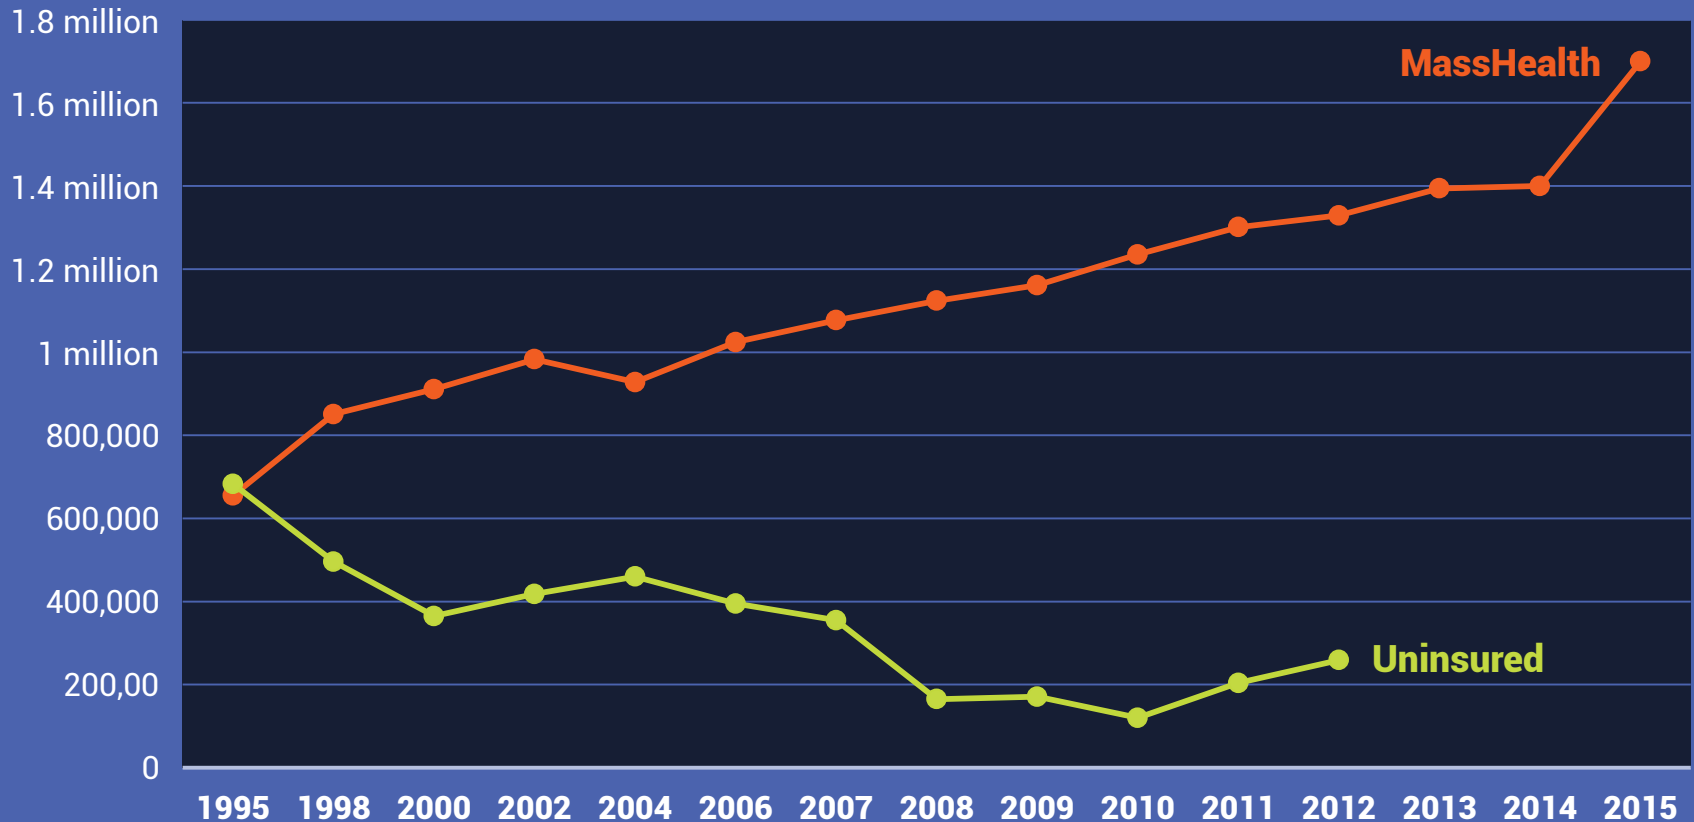

63% persons in nursing homes

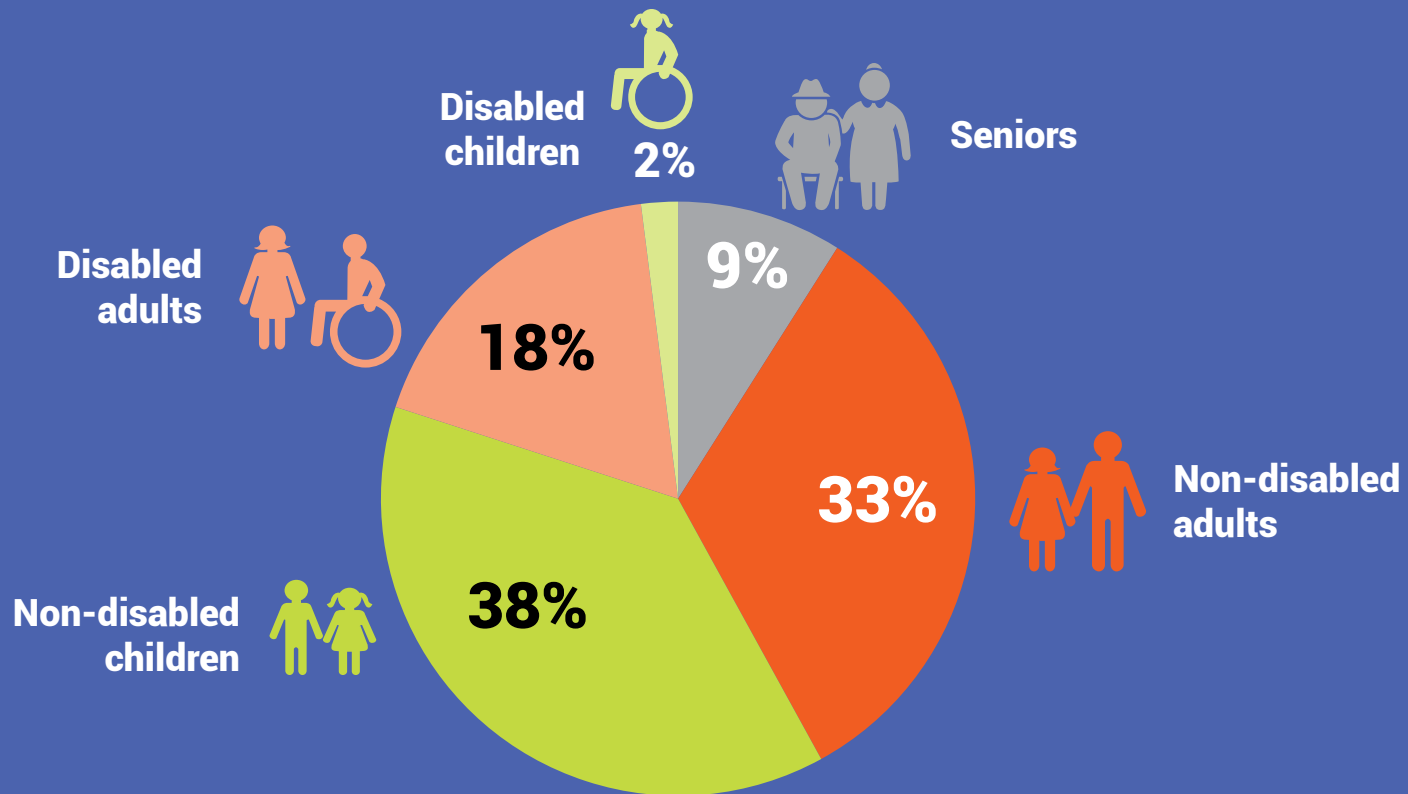

58% people with disabilities

MassHealth has served as the foundation for Massachusetts' achievement of the lowest rate of uninsurance in the nation

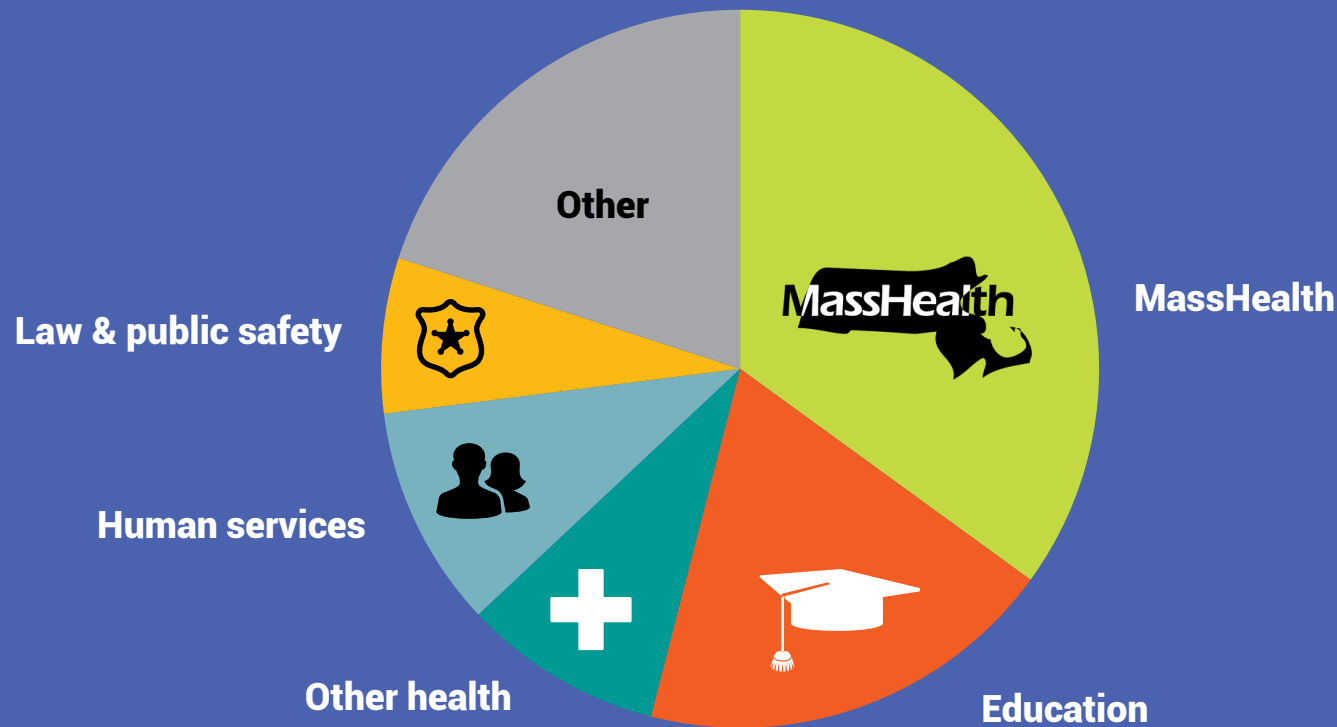

Massachusetts residents

MassHealth members include low-income children, non-disabled adults, people with disabilities and seniors

MassHealth is the single largest item in the state budget and brings in **\$7.7 billion** in federal revenue

Less than **one-third** of members account for **two-thirds** of spending

Distribution of MassHealth Enrollment and Spending by Population Group
